

ARIUS YDP-162/142

BRAND NEW!

Yamaha's authentic sound and natural touch – combined in a compact and light body.

Perfect for beginners and experienced players alike, the ARIUS YDP-142 and YDP-162 provide true piano tone and touch. While the Graded Hammer Standard keyboard on the YDP-142 makes it a true joy to play, the YDP-162 features the **GH keyboard with synthetic ivory keytops**, perfect for both practice and performance. The **Pure CF Sound Engine** delivers remarkably authentic sound and natural expressiveness. Equipped with the latest acoustic technology such as **Acoustic Optimizer** and **Intelligent Acoustic Control**, these ARIUS models ensure an incredible playing experience. The 128-note polyphony allows you to perform dense passages, even when layering sounds using the Dual Voice feature. The **Damper Resonance** samples provide rich and evolving tones produced by pedaling. Furthermore, the USB TO HOST port enables the transfer of information between your ARIUS and a suitably-equipped computer. Both ARIUS models are available in three colour variations (Light Cherry, Rosewood and Black Walnut). With a more powerful amplifier, the YDP-162's cabinet is even more elegant and available in Polished Ebony in addition to the three colour variations mentioned above.

- Graded Hammer Standard (GHS) keyboard (YDP-142) / Graded Hammer (GH) keyboard with Synthetic ivory keytops (YDP-162)
- Pure CF Sound Engine
- 10 Voices
- 128 notes of polyphony (maximum)
- Two-track recording (one song)
